The August 9, 1971, "Final Edition" of the "Los Angeles Times," a daily newspaper published at Los Angeles, California, contains the following article captioned "Ellsberg Plots Strategy With Peace Groups," which is datelined Wellfleet, Massachusetts, and concerns the meeting of Daniel Ellsberg with various individuals involved in peace movements, including Rennie Davis, David Dellinger, and John Froines, which occurred on Saturday, August 7, 1971. Said article is attached hereto:

Ellsberg Plots Strategy With Peace Groups

BY BRUCE NELSON

Times Staff Writer

WELLFLEET, Mass. — Daniel Ellsberg's increasing willingness to ally himself with other parts of the antiwar movement was apparent here over the weekend when he spoke at a round-table event for the eight defendants indicted at Harrisburg, Pa., in the alleged conspiracy to destroy draft records and to kidnap presidential adviser Henry Kissinger.

Ellsberg has been ordered to appear in Los Angeles Aug. 16 to face charges of illegal possession and use of secret government documents in connection with the publication of the so-called Pentagon papers.

Ellsberg also met Saturday near this Cape Cod town with about 25 peace movement leaders and workers. The group included the defendants indicted at Harrisburg, except for the Rev. Philip Berrigan and Ted Glick, who are in prison. Also present were three of those convicted at last year's Chicago Seven trial — Ronnie Davis, David Dellinger and John Frothingham — as well as several professors: Noam Chomsky, Howard Zinn, Robert Tilton, Seymour Melman and Richard Falk.

Ex-Rand Aide There

Anthony J. Russo of Los Angeles, former Rand Corp. analyst charged with contempt for declin-

ing to testify before a federal grand jury in Los Angeles, which is investigating the theft of the Pentagon papers, also was at the session, which was held to plan cooperative political strategy.

According to several participants in the meeting, the group discussed holding "war crimes trials" in Harrisburg during the trial of the eight defendants and in Los Angeles during Ellsberg's trial.

Ellsberg agreed to support the protest against the decision to refuse parole to the Berrigan brothers—Philip and Daniel—who are in federal prison at Danbury, Conn., for destroying draft records. A press conference to protest the Berrigans' denial of parole is scheduled today in front of the prison at Danbury.

In Ellsberg's speech Friday, he said the examples and arguments of the Berrigans and the other Harrisburg defendants had affected his decision to risk prison by helping to make the Pentagon papers public.

Ellsberg spoke to an audience of about 300 gathered in the sand dunes overlooking the Atlantic Ocean at the summer home of Robert Lifton, Yale University psychiatry professor. His talk helped raise \$7,000 for the Harrisburg defense fund.

LOS ANGELES NEWS MEDIA ON AUGUST NINETEEN INSTANT HAS GIVEN CONSIDERABLE ATTENTION TO ALLEGATIONS MADE BY DANIEL ELLSBERG ON TWO SEPARATE TELEVISION APPEARANCES ON AUGUST EIGHTEEN LAST IN LOS ANGELES IN WHICH HE ALLEGED THAT ANTHONY RUSSO HAD BEEN CHAINED AND THROWN ON THE FLOOR OF HIS CELL AT THE LOS ANGELES COUNTY JAIL WITH HIS HANDS MANACLED BEHIND HIS BACK AND HIS LEGS CHAINED, WITHIN HOURS AFTER BEING TAKEN INTO CUSTODY. BASICALLY ELLSBERG ALLEGED THAT RUSSO HAD BEEN PROTESTING THE APPALLING CONDITIONS OF THE LOS ANGELES COUNTY JAIL AND AS A RESULT OF HIS VOCAL ATTEMPTS TO BRING ATTENTION TO THIS SITUATION, HE HAD BEEN TREATED IN THIS INHUMANE MANNER. ELLSBERG ALLEGED THAT THIS INHUMANE TREATMENT OF PRISONERS IN QUOTE NORMAL UNQUOTE WITHIN THE LOS ANGELES COUNTY JAIL AND IT WAS NOT UNTIL THE JAILERS RECOGNIZED THE UNIQUE IMPORTANCE OF ANTHONY RUSSO THAT HE WAS TREATED WITH ANY TYPE OF COURTESY. ACCORDING TO AN ARTICLE WHICH APPEARED IN THE LOS ANGELES HERALD EXAMINER AUGUST NINETEEN INSTANT, U. S. DISTRICT COURT JUDGE WILLIAM GRAY HAS ORDERED THE U. S. MARSHAL'S OFFICE IN LOS ANGELES TO CONDUCT AN INVESTIGATION INTO THE ALLEGATION AND TO REPORT BACK TO HIM. CALIF

COMPLETE TRANSCRIPTIONS OF ELLSBERG'S APPEARANCES ON THE TWO AFOREMENTIONED TELEVISION PROGRAMS ARE BEING PREPARED BY THE LOS ANGELES OFFICE AND WILL BE FURNISHED TO THE BUREAU IN LETTERHEAD MEMO FORM WITH AIRTEL COVER.

The in-house publication "Times Talks," Volume 23, Number 3, furnished by New York with referenced airtel comments on details surrounding the preparation of "The New York Times" series based on the "Pentagon papers" with particular attention given to the select group of "The New York Times" personnel headquartered at the Hotel Hilton in New York City. In this publication Foreign Editor James L. Greenfield was described as being in direct charge of the project. James L. Greenfield is possibly identical with James Lloyd Greenfield born 7/16/24 at Cleveland, Ohio, who became Deputy Assistant Secretary for Public Affairs at the State Department in 1962. Previously he had worked for publishing firms in New York in the late 1940's; for the State Department as a radio information specialist 1949-52; as a correspondent here and abroad for Time, Incorporated, in 1952-62; and as a consultant in the office of the Secretary of Defense for a few weeks in 1962. Most recently he was known to be employed by the Westinghouse Corporation in New York City in the capacity of Vice President.

Refer to your files [redacted] and conduct investigation through established sources only, to ascertain if James Lloyd Greenfield is identical with James L. Greenfield, Foreign Editor of "The New York Times." If identical, information in your files should be reviewed and correlated as a prelude to possible future interview of Greenfield. Interview should not be conducted without prior Bureau authority.

Daniel Ellsberg, born April 7, 1931, at Chicago, Illinois, was issued United States Passport #J901454. He was indicted by the Federal Grand Jury, Los Angeles, California, on June 23, 1971, charged with violation of the Espionage Statute. The indictment was based on information developed in the current investigation involving unauthorized disclosure of classified information to "The New York Times" newspaper.

We have been informed that the children of Daniel Ellsberg, Mary and Robert, accompanied their father to a television studio where Daniel Ellsberg was introduced from the audience prior to the airing of the show "The Advocates." Thereafter, the children accompanied their father to an office in the Los Angeles area at which time they witnessed the copying of documents by Ellsberg. The children thereafter cut off "Top Secret" classification markings from the copies.

Investigation has established that Daniel Ellsberg was an unpaid consultant for one show of "The Advocates," that being October 19, 1969. This show was aired live from Los Angeles at 7 p. m. The show dealt with "Should Congress adopt the Goodell bill requiring United States withdrawal from Vietnam by December 30, 1970?" [REDACTED] the above program recalled that Ellsberg was in the audience during the airing of the program with his daughter, Mary. He could not recall whether Robert Ellsberg was in attendance or who else was in the party.

We have been informed that at the time Ellsberg was considering appearing on the above television show, two other former Rand employees were involved. One of these former employees was [REDACTED] and it was indicated he might know of any participation on the part of Ellsberg.

We have been told that [REDACTED] is currently assigned to the [REDACTED] It would be appreciated if you would arrange for his interview and determine [REDACTED]

his knowledge of Ellsberg's activities and associates. [REDACTED] should be questioned concerning his knowledge of the copying of any documents by Ellsberg. Efforts should be made to establish the presence of Ellsberg at "The Advocates" show on October 19, 1969, and any information [REDACTED] has concerning Ellsberg's involvement. Re Dallas airtel to Bureau and Los Angeles dated 7/30/71, and Bureau airtel to Dallas dated 8/11/71.

Full results of investigation at Dallas was set out in referenced Dallas airtel of 7/30/71, which reflects that [REDACTED] Dallas, Texas, maintains tickets on computer tape for 90 days, after which time the tape is destroyed. It is further noted that in Los Angeles teletype to Bureau and Dallas, dated 7/28/71, no specific [REDACTED] ticket number could be ascertained from review of [REDACTED] Los Angeles. According to [REDACTED] Dallas, Texas, since the [REDACTED] tape for travel during February, 1971, has been destroyed, the specific [REDACTED] ticket number would be necessary in order to further search for a specific ticket.

In view of the above, Dallas is conducting no further investigation. No report of LHM is being submitted, UACB.

IT IS NOTED THAT BOUDIN HELD A PRESS CONFERENCE ON JUNE TWENTYTHREE, LAST, AT WHICH TIME HE AND CHARLES NESSON SURFACED AS ATTORNEYS FOR ELLSBERG.

IT IS FURTHER NOTED THAT THE LOS ANGELES TIMES (ACCORDING TO BUREAU TEL, AUGUST FOUR, LAST, PERTAINING TO EXPANDED COVERAGE) PUBLISHED PORTIONS OF THE PENTAGON PAPERS ON JUNE TWENTYFOUR, TWENTYSIX, AND JULY TEN, LAST.

AS THE BUREAU IS AWARE, BOSTON GLOBE WAS OFFERED THE PENTAGON PAPERS BY A TELEPHONE CALL AND, ACCORDING TO AN ANONYMOUS SOURCE, PICKED UP THESE PAPERS IN HARVARD SQUARE ON JUNE TWENTYONE, LAST. CONFIDENTIAL INFORMATION FROM [REDACTED]

[REDACTED] IS TO THE EFFECT THAT A TELEPHONE CALL FROM THE CAMBRIDGE-BOSTON AREA WAS MADE TO THE ST. LOUIS POST DISPATCH BUREAU REPRESENTATIVE IN WASHINGTON, D.C., OFFERING THE PENTAGON PAPERS.

AS NOTED ABOVE, THE TWO TELEPHONE CALLS TO BOUDIN WERE PRIOR TO THE TIME HE SURFACED AS ELLSBERG'S ATTORNEY AND WERE POSSIBLY IN CONNECTION WITH EFFORTS TO OBTAIN PORTIONS OF THE PENTAGON PAPERS. BOSTON FEELS THAT IS WAS UNDOUBTEDLY CONSIDERED

BOSTON HAS CONFIDENTIALLY OBTAINED TELEPHONE TOLL CHARGES FOR EIGHT INDIVIDUALS IN THE BOSTON AREA WHO CAN BE CONSIDERED AS SUSPECTS IN CONTACTING THE ST. LOUIS POST DISPATCH AND OFFERING THESE DOCUMENTS. A REVIEW OF THESE TOLL CHARGES FAILS TO SHOW PERTINENT INFORMATION. *who?*

THE BUREAU IS REQUESTED TO CONSIDER DISCUSSING THE ABOVE WITH THE DEPARTMENT FOR THE PURPOSE OF OBTAINING BY SUBPOENA THE TOLL RECORDS OF BOUDIN AND CHARLES R. ESPIONAGE - X

Synopsis:

The May 4, 1965 edition of "The Worker" contained an article indicating that Dr. DANIEL ELLSBERG, Department of Defense, was one of many speakers at a three day "Colloquium" held at Antioch College, Yellow Springs, Ohio, on the weekend of April 23 - 25, 1965. A digest of this article is set forth.

-RUC-

DETAILS:

The May 2, 1965 edition of "The Worker" contained an article entitled, "3-Day Viet Colloquium Held at Antioch College". Article indicates that Dr. DANIEL ELLSBERG of the Department of Defense spoke on, and in behalf of, the United States Military position during the three day "Colloquium" held at Yellow Springs, Ohio, during the weekend of April 23 - 25, 1965. The article does not indicate, however, any remarks made by ELLSBERG and does not indicate for what period of time ELLSBERG was present.

The article identifies other persons on the program as ANTON KRCHMAREK, "Communist Spokesman of Ohio"; Dr. WESLEY FISHEL, Professor of International Relations at Michigan State University; MILTON MAYER, Author; Mrs. NORMA BIXLER, Journalist; Dr. DAVID ARNOLD, Director of The Center for International Studies at Ohio University. The article further reveals that Dr. Z. BRZEZINOKI of the Research Institute of Communist Studies at Columbia University and I. F. STONE, Editor, spoke to the gathering by telephone on Sunday evening. The article further reveals that the group was also addressed by Dr. ANTOLE RAPPOPORT of the University of Michigan.

According to the article, the "Colloquium" had also planned to hear a telelecture by Mr. LY VAN SAO, Head of the Permanent Mission of the National Liberation Front of South Vietnam in Havana, Cuba. However, because it was not possible to place the call to Havana, the article indicates Mr. SAO's speech was taped and was to be broadcast over the college radio station.

"THE WORKER"

"The Worker" was an East Coast Communist newspaper which has suspended publication.

ESPIONAGE - X

Synopsis:

DANIEL ELLSBERG was in residence Mayflower Hotel, Washington, D. C., 5/5-14/70. Long distance calls charged to ELLSBERG made to Georgian Inn Motel, Roseville, Mich., and to HARRY ELLSBERG, his father, at Huntington Woods, Mich. [REDACTED] University of Michigan, Ann Arbor, Mich., advised he knows DANIEL ELLSBERG on professional basis and last knows that he had been in Ann Arbor May, 1969, at Bayesian conference.

DETAILS:

Departmental Attorney PAUL VINCENT furnished the following telephone numbers to the FBI for further investigation. Records of the Mayflower Hotel, Washington, D. C., were reviewed July 28, 1971, and disclose that DANIEL ELLSBERG was in residence at that hotel from May 5-14, 1970. Mayflower Hotel records show in part that the following long distance telephone calls were charged to ELLSBERG while in residence at the hotel:

DE 65-4087

<u>Date</u>	<u>Time</u>	<u>Number Called</u>	<u>Length of Call</u>
5/6/70	5:55 PM	313-294-0400	36 minutes
5/10/70	6:49 PM	313-546-6103	4 minutes
5/11/70	12:12 PM	313-546-6103	17 minutes

Bresser's Cross Index, 1970-71, Macomb County, Michigan, reflects that telephone 313-294-0400 is listed to the Georgian Inn Motel, 31327 Gratiot, Roseville, Michigan.

Bresser's Cross Index, 1970-71, South Oakland County, Michigan, reflects that telephone 313-546-6103 is listed to HARRY ELLSBERG at 10144 Vernon, Huntington Woods, Michigan.

HARRY ELLSBERG at that address has previously been described as a retired structural engineer and father of DANIEL ELLSBERG.

[REDACTED] advised as follows:

He has known DANIEL ELLSBERG for approximately [REDACTED] years. He first began communication with ELLSBERG while ELLSBERG was still a graduate student. He had an occasion to read a paper written by ELLSBERG while a graduate student. He began written communication with ELLSBERG at this time. He recognized ELLSBERG as a brilliant scholar. [REDACTED]

ELLBERG has attended three of the annual Bayesian Research Conferences, once in May, 1969, and on two occasions prior to 1969, exact dates not recalled. ELLSBERG was one of approximately 70 persons who attended the annual conference and [REDACTED] had limited contact with ELLSBERG during such conferences. He described all his contacts with ELLSBERG as professional, not social, as he has never visited the ELLSBERG home nor ELLSBERG his.

[REDACTED] During his stays at Rand Corporation he would often see and converse with ELLSBERG and during such conversations he gathered from generalities mentioned by ELLSBERG that he was involved in compiling some type of study on U. S. involvement in the Vietnam war. ELLSBERG never mentioned any specifics and at no time has ELLSBERG discussed with him the "Pentagon Papers" nor his intention to release same. From their contacts ELLSBERG knew that he [REDACTED] would never condone the disclosure of classified information and it is therefore natural that ELLSBERG would not discuss this matter with him. **LEAKS OF CLASSIFIED INFORMATION
TO THE PRESS**

To summarize, for information, data received during the night from offices involved in our continuing investigations in alleged leaks of classified data to the press.

MC LEK (Daniel Ellsberg) On 8/16/71 Daniel Ellsberg appeared before United States District Court, Los Angeles, California, represented by his attorneys, Charles Nessen and Leonard Boudin. Ellsberg pleaded innocent and the defense asked for time to file motions concerning electronic surveillances. United States Attorney Robert Meyer informed the Court he was authorized to announce that there had been no wiretap involved in this case. The defense was granted until 10/29/71 to file motions and the Government was given until 12/13/71 to file response to the motions. A hearing will be held on 1/4/72 regarding these motions at which time a trial date will be set.

Anthony J. Russo surrendered to the United States Marshal, Los Angeles, California, at 4:25 p.m. 8/16/71. Russo was accompanied by Ellsberg. Russo was a close friend of Ellsberg who was present during October, 1969, when Rand documents were copied by Ellsberg. When subpoenaed to appear before the Federal Grand Jury of Los Angeles, Russo refused to testify even though granted immunity. He was held in contempt of court and after several legal delays surrendered as above.

At our request, the Department of State interviewed [REDACTED]

[REDACTED] is a former close associate of Ellsberg and, although indicated he would not testify, he stated he was [REDACTED]

[REDACTED] Los Angeles has identified Russo's former wife and has instructed the San Francisco Office to interview her to determine whether she was a witness to Ellsberg's act.

We have previously placed a "St. Louis Post Dispatch" reporter in Boston on 6/24/71 for the purpose of obtaining the "Pentagon papers." Our Boston Office has now established that [REDACTED] a Washington Bureau correspondent of the "Los Angeles Times," was scheduled to fly from Boston to Washington, D. C., on 6/22/71 aboard a Northeast Airlines flight which was canceled prior to departure. Boston is currently conducting investigation to establish [REDACTED] length of stay in Boston and activities while in that city.

**LEAKS OF CLASSIFIED INFORMATION
TO THE PRESS**

To summarize, for information, data received during the night from offices involved in our continuing investigation in alleged leaks of classified data to the press.

MC LEK (Daniel Ellsberg): News media, on 8/17/71, announced the forthcoming publication of a four-volume set of books by the Beacon Press, Boston, entitled "The Defense Department History of United States Decision Making in Vietnam." The publication is to be based on portions of the "McNamara Study" made available to Beacon Press by Senator Mike Gravel (D) (Alaska) and, according to press reports, consists of 95 percent of the "McNamara Study."

An earlier report had indicated that the Massachusetts Institute of Technology (MIT) press had been offered this same group of papers. [REDACTED] MIT press, advised us yesterday that on 7/23/71 while on vacation, he had received a phone call from Boston from one [REDACTED], a fellow of the Institute for Policy Studies (IPS), Washington, D. C., with [REDACTED] representing himself as an agent of Senator Gravel in offering [REDACTED] access to a copy of the 47-volume "Pentagon papers" for publication as a book by the MIT press. [REDACTED] took the papers to [REDACTED] vacation residence in a large suitcase where [REDACTED] examined them from 11 a.m. to 5 p.m. on the date mentioned. [REDACTED] stated that the papers were copies reproduced from other copies and bore no classification markings. [REDACTED] stated that missing from this set of papers were chapters relating to international diplomacy, early history of Viet Minh, and material on the Geneva accords, although the papers presented by [REDACTED] did include summaries of the last two mentioned chapters. Allegedly, the papers had been received by Senator Gravel on 6/24/71. [REDACTED] referred the matter of publication to the editorial board of the MIT press

which decided not to accept [REDACTED] offer in the interest of possible adverse effects on national security. [REDACTED] stated that the Beacon Press has accepted a similar offer made by [REDACTED] and will publish the material in October, 1971.

We learned independently yesterday that the Department of Justice plans to subpoena [REDACTED] for appearance before a Federal Grand Jury in connection with this investigation.

Earlier information indicated that a reporter of the "St. Louis Post Dispatch" may have traveled to Boston on 6/24/71 for the purpose of obtaining the "Pentagon papers." Inquiries regarding this reporter have also developed information that a Washington, D.C., bureau correspondent of "The Los Angeles Times" was in Boston during approximately the same period of time as a representative from the Washington, D.C., bureau office of the "Knight" newspaper chain. A check of telephone calls of these various news reporters has revealed that the reporter from "The Los Angeles Times," [REDACTED] was on 6/22/71, in contact with the office of Leonard Boudin, attorney for Daniel Ellsberg. It is interesting to note that Boudin was not publicly surfaced as being Ellsberg's attorney until approximately 6/24/71 just prior to Ellsberg's surrender on 6/28/71.

LEAKS OF CLASSIFIED INFORMATION
TO THE PRESS

To summarize, for information, data received during the night from offices involved in our continuing investigations in alleged leaks of classified data to the press.

MC LEK (Daniel Ellsberg) The Beacon Press, Boston, Massachusetts, publicly announced yesterday plans to publish a four-volume set of books entitled "The Defense Department History of United States Decision Making in Vietnam." The director of Beacon Press, Gobin Stair, indicated the publication will be available in late October, 1971, and will consist of approximately 3,000 pages. He stated Senator Mike Gravel (D-Alaska) was making available to Beacon Press 95 per cent of the "McNamara Study" and that the publication will be popularly known as the "Senator Gravel's Edition of the Pentagon Papers." Stair described Beacon Press as the publishing arm of the Unitarian Universalist Association and stated that it was a nonprofit organization which publishes books for use by scholars and libraries. Stair claimed his firm had 265 documents and that the publication will be unedited and unabridged. Stair does not anticipate any "reprisal" from the U.S. Government for publishing this material, since the information was, to his knowledge, "public information," which Senator Gravel had presented to a Senate subcommittee 6/29/71. Stair noted Gravel offered the material to him and, when asked why his firm intended to publish only 95 per cent of the material, stated the other five per cent had not been made available to his company.

It is noted that on 6/29/71 Senator Gravel read portions of the "McNamara Study" at a Senate subcommittee hearing. Gravel reportedly received this material from Daniel Ellsberg through an unidentified middle man. A Senate maneuver prevented this material from being published in the "Congressional Record."

**LEAKS OF CLASSIFIED
INFORMATION TO THE PRESS**

To summarize, for information, data received during the night from offices involved in our continuing investigations of alleged leaks of classified data to the press.

MC LEK (Daniel Ellsberg): Previously on 8/12/71, the document control officer at Rand Corporation advised a review of access forms for items registered as classified data available to Daniel Ellsberg revealed several documents were maintained by Ellsberg in a safe at Rand Corporation which had not previously been considered as possible source material in this investigation. The material was returned to Department of Defense (DOD) which advised on 8/18/71 that the documents could have been obtained from the International Security Affairs-Task Force working files when Ellsberg was with that task force in Washington, D. C. DOD will be asked to include these documents in its evaluations and comparisons with information released to the press.

Los Angeles news media, on 8/19/71, gave considerable attention to allegations made by Daniel Ellsberg on two separate television appearances on 8/18/71 in Los Angeles during which Ellsberg alleged that Anthony Russo had been chained and thrown on the floor of his cell at the Los Angeles County Jail with his hands manacled behind his back and his legs chained. (Russo was committed to jail on 8/16/71 relative to contempt charge arising out of his refusal to testify before a Federal Grand Jury regarding his knowledge of Ellsberg's reproduction of documents in Los Angeles during October, 1969.) During television appearances, Ellsberg alleged Russo had protested the appalling conditions of the Los Angeles County Jail and, as a result of his vocal attempts to bring attention to this situation, he had been treated in an inhumane manner. According to an article which appeared in the "Los Angeles Herald Examiner," 8/19/71, U. S. District Court Judge William Gray ordered the United States Marshal's Office to conduct investigation into the allegation and report back to him.

Re: LEAKS OF CLASSIFIED

On 8/19/71. [REDACTED]

[REDACTED] He recalled that during May, 1969, Daniel Ellsberg was one of three or four so-called experts on Vietnam who were hired to lecture on this subject at Ohio State University. He stated Ellsberg gave two formal lectures and held informal discussions with students. [REDACTED] was unable to recall any details concerning Ellsberg's lectures and stated he has had no personal contact with Ellsberg since that time.

It will be recalled "The Washington Post," on 7/25/71, carried an article critical of Bureau's current investigation of the leak of classified information by Daniel Ellsberg. The article made reference to an interview by Bureau Agents of Samuel Popkin, a fellow worker of Ellsberg at Harvard's Center for International Affairs. Popkin claimed he felt interviewing Agents were trying to implicate him in the case and asked questions to explore Ellsberg's motives for making the study available to the press. Inquiry into the matter at that time revealed that interview of Popkin was handled properly and that the allegations appearing in the article were completely unfounded. A subpoena was issued for Popkin requiring his appearance before Federal Grand Jury at Boston on 8/19/71. Attorneys for Popkin filed a motion to quash subpoena which was heard by Federal Judge W. Arthur Garrity, Jr., on 8/19/71. Judge Garrity denied the motion, and Popkin was ordered to testify. Popkin pleaded the Fifth, Fourth, and First Amendments and was subsequently ordered to reappear before the Federal Grand Jury on 8/24/71.

LEAKS OF CLASSIFIED
INFORMATION TO THE PRESS

To summarize, for information, data received during the night from offices involved in our continuing investigations of alleged leaks of classified data to the press.

RE LHM (Daniel Ellsberg):

It will be recalled that when Anthony J. Russo, an associate of Ellsberg, was jailed on contempt charges for the refusal to testify before a Grand Jury in this matter, it was alleged he was mistreated by jail attendants. Ellsberg made a public statement claiming his friend had been shackled and thrown on the floor of an isolation cell the first night of his imprisonment. U. S. District Court Judge, William F. Gray, at Los Angeles has stated he has decided to take no action on this charge after having reviewed an investigation conducted by the U. S. Marshall's Office in Los Angeles. Russo's attorney has stated he plans to take no further formal action in this matter.

It will be further recalled that [redacted] a relative of Mr. Haldeman at the White House, had earlier alleged he had overheard a conversation at the Los Angeles Rams football game in October, 1970, wherein the conversants had claimed advance knowledge of plans on the part of an unidentified man to reveal classified secrets referring to the unidentified individual as a former associate of Mr. Kissinger and as being connected with the Rand Corporation in Santa Monica. Extensive investigation has pinned down identity of the individuals seated around [redacted] at the above-mentioned game. None of them can recall overheard any such conversation. The known backgrounds of the individuals attending the game, as mentioned, do not indicate activity of an anti-Vietnam complexion or participation in antiwar activity of the nature allegedly overheard by [redacted]. We are continuing to investigate this facet of the Ellsberg

investigation for any pertinent details which could indicate a conspiracy with Ellsberg and others which may have been known in October, 1970, by members of the Business Executives Move For Vietnam Peace (BEM).

[REDACTED]

On reinterview yesterday, [REDACTED] pointed out that he had first learned of the McNamara Study in 1969 during meetings at the Center for International Studies at Massachusetts Institute of Technology (MIT). No detailed information had been furnished during the meetings at MIT, but [REDACTED] had made subsequent inquiries regarding the Study at an academic conference at the Brookings Institution, Washington, D. C., in late 1969. Present at this conference were Dr. Leslie Gelb and Morton Halperin who had participated in the study. They had acknowledged such a study existed but gave no details of its contents.

[REDACTED]

We have been attempting to pin down the whereabouts of [REDACTED] revealed in this investigation as an intimate associate of Ellsberg, [REDACTED] and exercising considerable influence on Ellsberg in his change from "hawk" to "dove." The Boston Office has determined that she [REDACTED]

Efforts are continuing to locate her present whereabouts, looking toward interview regarding instant investigation.

NOTE:

[REDACTED] Technical Assurance, Xerox Corporation, Rochester, New York, is currently attempting to determine how many generations removed from the original material made by Ellsberg the four pages of duplicated material recovered from Victor Publishers were:

The original examination which was to be made did not include a comparison with the 1st generation copies previously available to Ellsberg; however, due to the lack of sufficient normally present characteristics which were altered in the reproduction by the malfunction of the Savin machine at Victor Publishers, it was determined that the comparison was impossible. Xerox officials now attempting to determine the number of generations through measurements of magnification both on the retrieved copies and on a reproduction through the Xerox and Savin machines pertinent to this case. In order to do this, it was necessary to obtain the 1st generation copies of the four pages from the "McNamara Study" which was previously available to Ellsberg.

DANIEL ELLSBERG
ESPIONAGE - X

Prior investigation has revealed that subsequent to the printing of articles by "The New York Times" concerning United States-Vietnam relations in its issues of June 13 to June 15, 1971, similar articles, allegedly based on the "McNamara Study," appeared in the "Los Angeles Times" issues of June 24, June 25 and July 10, 1971; and the "St. Louis Post Dispatch" issues of June 23, June 25, June 30 and July 1, July 2 and July 6, 1971.

This Bureau's investigation to determine how and when these newspapers obtained the information on which the various articles were based has revealed the following:

On August 11, 1971, a source who is highly placed in business and financial circles in St. Louis, Missouri, furnished information, learned by him from [REDACTED] "St. Louis Post Dispatch," indicating that one [REDACTED] a reporter of the "St. Louis Post Dispatch" in Washington, D.C., obtained a copy of the "Pentagon papers" from an unknown person or persons in the Boston, Massachusetts, area and that the documents obtained formed the basis for the above-mentioned articles which appeared in the "St. Louis Post Dispatch." Investigation has revealed that [REDACTED] a reporter connected with the Washington, D.C., Bureau of the "St. Louis Post Dispatch," traveled to Massachusetts by plane and stayed at the Sheraton Hotel, Cambridge, Massachusetts, on June 24, 1971.

It has also been determined that [REDACTED] both described as representatives of the Knight newspapers, were registered at the Continental Hotel, Cambridge, Massachusetts, on June 22, 1971, and the Hotel Commander, Cambridge, Massachusetts, on July 1, 1971, respectively.

Assistant Attorney General
Internal Security Division

[REDACTED] are both associated with the Washington, D.C., Bureau of the "Miami Herald." A check of telephone records at the Continental Hotel revealed that [REDACTED] made two telephone calls on June 22, 1971, to telephones listed to C.A. Knight, editor of the "Charlotte Observer" and the business office of the "Charlotte Observer," also a Knight newspaper.

From investigation, it has been determined that [REDACTED] who is connected with the Washington, D.C., Bureau of the "Los Angeles Times," traveled to Cambridge, Massachusetts, on two occasions during June, 1971. On June 22, 1971, he was registered at the Continental Hotel, and on June 24 to June 25, 1971, he was registered at the Holiday Inn in Cambridge, Massachusetts. Telephone call records of the Continental Hotel showed that two telephone calls were made from [REDACTED] room on June 22, 1971, to the telephone listed to Leonard Boudin at Harvard University. It should be recalled that at a press conference on June 23, 1971, Boudin and Charles Nesson identified themselves as attorneys for Daniel Ellsberg.

In addition to the foregoing, information was previously received by the Boston office of the FBI through an anonymous telephone call that the "Boston Globe" was offered the "Pentagon papers" and representatives of that newspaper had picked up the papers on June 21, 1971. It should be noted that subsequent to "The New York Times" articles, the "Boston Globe" issues of June 22, June 23 and July 1, 1971, set forth articles purportedly based on the "Pentagon papers."

The foregoing may indicate that copies of the "McNamara Study" were furnished to representatives of newspapers other than "The New York Times" in the Boston or Cambridge area during the latter part of June, 1971. With the exception of the "Boston Globe," newspaper representatives possibly involved were all from Washington, D.C. It has previously been reported that a representative of the "St. Louis Post Dispatch" was allegedly contacted by telephone by an unidentified individual from the Boston or Cambridge area during which contact instructions were given as to how the "Pentagon papers" could be obtained. It would appear that similar contacts would have been made with representatives of the other newspapers.

Assistant Attorney General
Internal Security Division

In view of the apparent telephonic contact between [REDACTED] Boudin, a possibility exists Boudin was involved in some manner in the distribution of copies of the "McNamara Study" to the newspaper representatives. In this regard, any wide dissemination and subsequent printing of the "Pentagon papers" by other newspapers could have served to minimize the act of prior disclosure of the information to "The New York Times" by Ellsberg.

You may desire to consider the propriety of having subpoenas issued to obtain toll call records on the telephone listed to Boudin at any of his offices and residence for the period June 15, 1971, through July 1, 1971, in an effort to determine if Boudin was in contact with the Washington, D.C., Bureaus of the newspapers involved. Should subpoenas be issued, it is requested that this Bureau be advised.

DETAILS:

PAUL VINCENT, Departmental Attorney, U.S. Department of Justice, through the issuance of a subpoena duces tecum upon the New England Telephone Company, Boston, Mass., obtained toll call records for telephone number 617-492-1421. This number is listed to DANIEL ELLSBERG, 10 Hilliard Street, Cambridge, Mass.

Among calls made were the following to the Philadelphia area:

June 28, 1971, at 5:38 p.m., a call of one minute duration to telephone 215-525-3200

January 15, 1971, at 3:22 p.m. a call of eight minutes duration to telephone 215-525-7376

[REDACTED] telephone number 215-525-3200 is listed to the Bryn Mawr-Main Line Telephone Secretarial Service, 1003 Lancaster Avenue, Bryn Mawr, Pa. The subscriber to telephone number 215-525-7376 is the Reverend JOHN BOYLES, Radcliffe House, Apartment 215-A, 1000 Conestoga Road, Rosemont, Pa.

On August 6, 1971, [REDACTED] Main Line Telephone Secretarial Service, 32 Rittenhouse Place, Ardmore, Pa., advised the Main Line Telephone Secretarial Service is a telephone answering service. The company has offices in Bryn Mawr, Haverford, and Ardmore, Pa. She advised records of incoming calls are not maintained unless the call is a collect call. She checked records for June and July 1971 and advised she could locate no record of any collect calls from Cambridge, Mass., during those months.

The June 27, 1971, Sunday edition of the "Bulletin," an evening newspaper, carried an article titled "ELLSBERG is an 'Anguished Patriot,' says chaplain who married him." The article reflects the Rev. JOHN BOYLES is the protestant chaplain of Bryn Mawr, Haverford, and Swarthmore Colleges. He officiated at ELLSBERG's marriage to his second wife, the former PATRICIA MARX, in North Salem, N.Y., last August 8th. The article reflects the Rev. BOYLES took part in many anti-war marches on Washington and remains active in the peace movement.

145
The June 28, 1971, four-star edition of the "Evening Bulletin," on page one, contains an article and photograph reflecting the Rev. JOHN BOYLES accompanied ELLSBERG and his wife PATRICIA when ELLSBERG surrendered at the Federal Building in Boston, Mass., on June 28, 1971. The photograph shows the Rev. BOYLES and DANIEL and PATRICIA ELLSBERG.

"The Philadelphia Inquirer," issues of June 24, 25, 26, 27, 28, 1971; July 1, 4, 10, 1971, all carried articles on "The Pentagon Papers." "The Philadelphia Inquirer" is a morning newspaper. Accordingly, issues for any given day first appear on the newsstands the evening of the previous day. The first articles appeared in the June 24, 1971, issue. The first edition of the June 24, 1971, paper appeared on newsstands the evening of June 23, 1971.

A boxed item on page four reads as follows: "The Knight newspapers staff members who produced the Pentagon Vietnam history stories in today's 'Inquirer' are: ROBERT S. BOYD, Washington Bureau Chief; SAUL FRIEDMAN and LOYE MILLER, JR., members of the Washington Bureau; MARK ^{mick} ETHRIDGE, JR., editor of the Detroit Free Press; C.A. ^{H.E.} MC KNIGHT, editor of the Charlotte Observer. Project supervisor was DERICK DANIELS, Director of News for Knight newspapers."

The same issue contains the following statement captioned "Why We Are Publishing War Documents Story:"

"Washington - the following statement was issued Wednesday by LEE HILLS, President and Executive Editor of Knight Newspapers, Inc.:

"For two hundred years, under the traditional guarantees of the U.S. Constitution, Americans have had the right to publish information in the public interest without prior restraint by Government, except in time of war declared by Congress.

"Today the Federal Courts are examining unprecedented requests by the executive branch of Government for injunctions to prevent publication of material from the MC NAMARA study of the Vietnam war, material to which we and other media believe the public is entitled.

"The stories which we are publishing today are drawn from portions of those documents which have been examined by our editors and which we believe represent no threat to the national security of our country.

"We agree with Federal Judge MURRAY I. GURFEIN, who held in a case involving the New York Times:

"'...Suffice it to say that no cogent reasons were advanced as to why these documents...would vitally affect the security of the nation.'

"And also with Judge GERHARD GESELL who held in a Washington Post case:-

"'There is not here a showing of an immediate grave threat to the national security which in close and narrowly defined circumstances would justify prior restraint on publication.'

"I believe the Federal Government, as a matter of public policy, should immediately declassify all historical portions of the Pentagon papers which, however embarrassing, no longer involve the security or the national integrity of our country.

"While we have no plans at this moment to publish further material from the Pentagon papers, we will join other newspapers in the fight to preserve for the American people the right to publish without prior restraint from Government."

EQBAL AHMAD

The Friday, August 6, 1971, edition of the "Falmouth Enterprise," contained an article entitled "Benefit for Berrigan Is Sunday Evening." This article announced that Eqbal Ahmad would speak at the Woods Hole Community Center, Woods Hole, Massachusetts, at 7:30 p.m., August 8, 1971, on "Conspiring to End the War."

The "Falmouth Enterprise" is a daily newspaper published in Falmouth, Massachusetts.

Eqbal Ahmad was indicted by a Federal Grand Jury at Harrisburg, Pennsylvania, for conspiring to kidnap Presidential assistant Henry Kissinger and also to blow up the heating systems of Federal buildings in Washington, D. C. Ahmad is presently pending trial on \$60,000 bail.

On August 9, 1971, a confidential source, who has furnished reliable information in the past, advised that he had attended the speech of Eqbal Ahmad, at Woods Hole Community Center, Woods Hole, Massachusetts, between 7:30 p.m. and 10:00 p.m. on August 8, 1971. This source advised Eqbal Ahmad made the following comments:

ENCLOSURE

EQBAL AHMAD

Eqbal Ahmad opened his speech with a statement of how he would explain his indictment to his mother. His tone was quiet and emotional as he explained the recent deaths of three brothers. He explained he was a close friend of the Berrigan Brothers (Daniel and Philip Berrigan) despite their being Catholics. Ahmad and the Berrigans were united on the issue of Southeast Asia and agreed in wanting to end the killing there.

Philip Berrigan, a Roman Catholic priest of the Josephite Order, was among eight individuals indicted by the Federal Grand Jury convened at Harrisburg, Pennsylvania, on April 30, 1971, charging him with conspiring to blow up heating systems of Government buildings in Washington, D. C., and planning to destroy draft board records at locations in three states.

Daniel Berrigan, a Roman Catholic priest of the Society of Jesus (Jesuits) is presently serving a three-year sentence in United States prison for his actions in the May, 1968, burning of local draft board records at a Selective Service office located in Catonsville, Maryland.

Ahmad stated he was shocked when the charge was raised against the two Berrigan brothers that they conspired to kidnap Presidential aide Henry Kissinger and bomb Federal heating systems in Washington, D. C., and shocked further by the way the Government released the information of this alleged plot. He described his own feeling when arrested and released on bail as paranoia. He explained this paranoia was due to his surprise at being released and fear of being "bumped" (off) by the FBI (Federal Bureau of Investigation) after his release. He likened the United States to fascist states throughout the world and mentioned that if he were arrested on a similar charge in one of those states he would not have been released except to be killed. He therefore believed the FBI was going to kill him. He then admitted he no longer believes this will happen. He stated that if the FBI were smart they would have him deported to Pakistan, where he would immediately be killed by the Pakistani generals who already have declared him an enemy.

EQBAL AHMAD

Ahmad told of how the Berrigans had gone underground yet had continued to give interviews. He called the FBI "Keystone cops" because of the time it took to locate and arrest the Berrigans. He ridiculed the Government and stressed the irrationality of Government leaders such as former President Lyndon B. Johnson and President Richard Nixon.

Ahmad gave a summary of his interpretation of the United States involvement in Southeast Asia and stated that the Pentagon papers showed that the Government has never told the truth about the Vietnamese War since 1954 or 1956.

Later, during a question and answer period, Ahmad praised Daniel Ellsberg's actions concerning the releasing of classified information to news media and encouraged more of the same. He also called for more action like the "kids" took in Media, Pennsylvania, "stealing the FBI files." Eqbal Ahmad called their actions "creative." He corrected himself, however, and said he did not know if the persons involved were "kids" or not. He stated he did not think there was much more to be gained in breaking into draft boards.

Daniel Ellsberg was charged on June 25, 1971, with the violation of Title 18, United States Code, Section 793 (e), in that he had unauthorized possession of, access to, and control of copies of certain documents and writings related to the national defense (all except one were classified "Top Secret," the remaining one classified "Confidential"); did willfully and knowingly retain same and failed to deliver them to an officer or employee of the United States entitled to receive them.

Ahmad spent a large percentage of his time discussing President Nixon's de-escalation of the war and accused Mr. Nixon of mechanizing the war and as examples of this cited the using of human sensing devices, more bombers, etc.

EQBAL AHMAD

(He was apparently indicating less human involvement and more mechanical involvement.) He claimed that the Central Intelligence Agency (CIA) supports one of the generals of the South Vietnamese Government in the next Presidential election in the Republic of South Vietnam, but the source could not recall the name mentioned. On much of Ahmad's interpretation of what President Nixon is planning, Ahmad admitted he was speculating.

During the question and answer session following his speech, Ahmad cited suggested reading from literature produced by the "Committee of Concerned Asian Scholars"(CCAS), which would give an up-to-date, "true" account of the war and events in Southeast Asia.

The CCAS in a "Purpose and Policy" statement issued in April, 1970, at a National Conference in San Francisco, California, stated it was a national organization decentrally organized on a chapter by chapter basis. The CCAS under the guise of seeking alternatives to the existing foreign policy of the United States in Asia, opposes United States presence in Japan, calls for an immediate and unilateral withdrawal of all United States forces from Vietnam, and urges the adoption of a new foreign policy towards Red China.

Ahmad strongly condemned the "goddamn U. S. Government" for its role in the slaughter he sees in Pakistan. Ahmad also condemned Red Chinese action in Southeast Asia and stated he did not trust powerful governments and, therefore, was a "kind of anarchist." However, he clearly gave his support to the cause of national liberation and there was little doubt that he hoped for North Vietnamese success in their war.

Ahmad ended his speech by stating that only procedural freedoms were available in a democracy and even those were fast eroding here (in the United States).

EQBAL AHMAD

Throughout Ahmad's speech, he was using the expressions Vietnamese people and North Vietnamese people synonymously as well as referring to the Vietnamese Government and the North Vietnamese Government interchangeably. It was apparent when Ahmad mentioned anything Vietnamese he meant North Vietnamese.

During the question and answer period following Ahmad's speech, Ahmad gave detailed, rambling answers. To the question of "What we can do" Ahmad answered by the mentioning of the Media, Pennsylvania, incident and the mentioning of Daniel Ellsberg's actions. Ahmad casually mentioned that he had spoken to Daniel Ellsberg the "day before yesterday."

During the question and answer period, a contribution was requested for the defense of those indicted with Eqbal Ahmad and it was mentioned that checks could be made out to a front group for tax purposes and the front group mentioned was something like the "Bill of Rights Defense League" or something very similar.

Source advised that the audience in attendance was estimated at approximately 150 persons who stayed to the end despite heat and lack of fresh air in the small Community Center. Source commented that the speech was geared to the nature of the audience, which he considered to be intellectual and leftist.

Source further commented that Ahmad's speech took such things for granted as sympathy with socialism and a belief that the United States was imperialistic.

A Special Agent of the FBI was also present and prepared the following report of the speech given by Eqbal Ahmad:

Date of transcription 8/11/71

Mr. EQBAL AHMAD spoke at the Woods Hole Community Center, Woods Hole, Massachusetts, at 7:30 p.m.

He began his speech saying he had explained to his aging mother that he had been indicted by the United States Government on a foolish charge. He said his mother would be able to accept this indictment much easier than she would be able to receive word of the recent death of one of her sons.

He said his mother would question him as to how he became involved with Catholics. He said he would explain this by saying that although the religions are different their ideas are the same. AHMAD said he is a close friend of the BERRIGAN brothers, the priests now in Federal prison.

He said that these Catholic priests and their followers agreed with AHMAD's thinking that the United States Government should get out of Southeast Asia and end the killings of innocent people.

AHMAD said that in the United States today the ruling politicians are creating a superstructure of a police state. He warned that unlike Nazi Germany, where the people said, "We didn't know what was going on," here in the United States we are telling people what is going on.

AHMAD then went on and cited the facts relating to his indictment and reindictment by a Federal Grand Jury in Harrisburg, Pennsylvania. He added that the Negro community in Harrisburg, Pennsylvania, voted for BARRY GOLDWATER for President of the United States in 1964.

AHMAD said that he, along with PHILIP BERRIGAN, Sister ELIZABETH MC ALLISTER, and three others were indicted by this Federal Grand Jury in Harrisburg, Pennsylvania,

with conspiring to kidnap Presidential assistant HENRY KISSINGER and also blowing up the heating system of Federal buildings in Washington, D. C.

He said that he was released from jail on \$60,000 bail. He said he felt that if he were in present-day Greece, Algeria, or South Vietnam he could not obtain bail. AHMAD stated that once on the street he felt sure the Government would "bump" him and for a week he was very careful while walking on any sidewalk, anywhere. He did not further explain this feeling nor did he state that his opinion of the United States Government had changed.

AHMAD stated he is aware that the Government is invading the privacy of individuals by the use of informers, tapping telephones, and "bugging" devices, as well as surveillances. He then stated that the United States Government cannot win this case in court and so has attempted to win the case in the press. He stated the Government is trying to defame the BERRIGANS and Sister MC ALLISTER with sexual innuendos.

AHMAD then said that the Government then obtained a second indictment which included more defendants and also more charges. He said this second indictment took the place of the first one. He claimed this indictment, as well as the first one, is ridiculous.

AHMAD said the case will cost the Government about \$5 million to prosecute and will probably cost the defense about \$500,000.

In response to a question from the audience, AHMAD said he did not feel anything could be gained by draft board break-ins but said they serve their purpose. He said the break-in of the FBI office in Media, Pennsylvania, was far more productive in obtaining information for "the movement."

AHMAD agreed with a comment from the audience that participating in war tax resistance was a good idea.

~~CONFIDENTIAL~~

AHMAD stated that the United States Government has had irrational leadership through the past few years which has caused a fiasco in Southeast Asia. He claimed to be sympathetic with revolutions all over the world. He cautioned against secret wars like those going on in Laos and Cambodia at the present time.

AHMAD stated that while Father BERRIGAN was a fugitive he made approximately twelve public appearances and this made the FBI look like "Keystone cops."

AHMAD said that if the FBI were smart they would deport him to Pakistan. Once there, the government would kill him. This would end the United States Government's case against him. He said that if the United States withdrew or stopped its military aid to the Pakistani Government that this government would fall within ten days. He said that due to the recent revolt in East Pakistan that about twenty million persons will die.

AHMAD, in response to a question from the audience, said he does not trust United States Senator ED MUSKIE or him. He feels that as a liberal he feels that United States Senator MC GOVERN would be a good President.

AHMAD then cited that five prisoners in Danbury, Connecticut, Federal Penitentiary went on a hunger strike and were arrested for this. The strike was to show sympathy for the BERRIGAN brothers whose parole had been refused.

AHMAD then said that there will be a demonstration October 3, 1971, Danbury, Connecticut, to show solidarity with these striking prisoners. He then named each of the prisoners. He also said that DAVE DELLINGER was planning a nationwide demonstration October 15, 1971. He was not able to provide the reason for this demonstration or the place.

AHMAD went into great detail about NIXON's de-escalation of the Vietnam War. He said that although NIXON was withdrawing men from Vietnam he was replacing these men with human sensor devices. These devices were able to detect travel in an area. This information is then fed to an IBM which has bombs fired on the scene.

~~CONFIDENTIAL~~

These bombs could be killing animals, women, children, anything that moved. He stated that NIXON was just playing with numbers and what he should do is bring the troops home. He said the United States can win the war militarily but never politically.

A person in the audience asked AIMAD whether marching and demonstrating was still effective. He said they have been marching for seven years and the movement is fragmented but the Vietnamese have been fighting and dying for twenty-five years and the least thing they could do was march to show support for the Vietnamese people.

Sister Elizabeth McAllister, a Roman Catholic nun of the Sacred Heart of Mary Order, was one of the eight individuals indicted by the Federal Grand Jury convened at Harrisburg, Pennsylvania, on April 30, 1971, charging her with conspiring to blow up heating systems of Government buildings in Washington, D. C., and planning to destroy draft board records at locations in three states.

David Tyre Dellinger was one of the "Chicago 7" who was indicted, tried, and convicted in United States District Court, Chicago, Illinois, for violation of the Antiriot Statute following a disturbance at Chicago, Illinois, in the fall of 1968 at the time of the Democratic National Convention.

Attached letter 8/19/71 from Assistant Attorney General Mardian contains an analysis by Mardian of a phase of our investigation of the Daniel Ellsberg case, involving the unauthorized release of the "McNamara Study" to "The New York Times" and other newspapers. The analysis, which excludes pertinent salient facts, tends to indicate that there has been a gap in one phase of our investigation.

In our proposed reply to Mardian, which is attached, we are pointing out that it is quite evident from the facts which we have furnished to him in the past that Ellsberg received assistance in getting into the hands of various newspapers the "McNamara Study," and the thrust of our investigation has been directed toward identifying any individual or organization that may have assisted or conspired with Ellsberg. Mardian's attention is directed specifically to five teletypes which have gone to the Department beginning 8/13/71. These teletypes show a significant breakthrough last week when our St. Louis Office received information showing that an employee of the "St. Louis Post Dispatch" went to Cambridge, Massachusetts, during the period 6/21 - 24/71 following receipt of a telephone call from an unidentified party during which the caller indicated material relating to the "McNamara Study" could be secured in Cambridge. This was immediately prior to the publication in the "St. Louis Post Dispatch," beginning 6/23/71, of the "McNamara Study" material. Investigation last week showed that during the same periods, 6/21 - 24/71, three representatives of other newspapers which subsequently published "McNamara Study" material were in Cambridge. This indicates there was some distribution point in Cambridge for the material.

In attached letter Mardian has cited material to indicate that Ellsberg has not publicly admitted transmitting documents to "The New York Times." In this connection, he quoted from page 12 of a Boston report dated 7/14/71. In our reply we are referring him to page 14 of the same report where, during a press conference, Ellsberg was asked if he was the source of the documents published in all of the newspapers or just some of them. His reply was

Memorandum for Mr. Brennan
Re: UNAUTHORIZED DISCLOSURES
OF CLASSIFIED INFORMATION

"To my knowledge, all of them" In our reply we are also referring him to previous material sent to the Department showing that two other individuals have stated that Ellsberg was the one who gave the material to "The New York Times," and are suggesting to Mardian that he may desire to consider calling one of these individuals before a grand jury.

Mardian specifically raised the question about material received by our Boston Office in March, 1971. This related to copies of four pages, with no classification markings thereon, which were turned over to the Boston Office by the owner of a duplicating firm. At the time these pages were turned over, there was no indication of any violation of Federal law and Boston took no action. Within three days after the Attorney General ordered us to conduct investigation in the Ellsberg case we provided complete information to Mardian regarding this matter. On 7/6/71 we furnished him copies of the four pages involved. He has specifically asked us to provide this information in his letter.

Mardian also asked that we advise him of any investigation conducted prior to the initial publication by "The New York Times" concerning the "McNamara Study" on 6/13/71. Based on an allegation received in confidence [REDACTED] we conducted an Espionage - X investigation under Ellsberg's name commencing in January, 1970. The allegation was to the effect that copies of "Top Secret" documents had been made by Ellsberg for Senator J. William Fulbright and then Senator Charles E. Goodell. Complete investigative results were incorporated in three memoranda, the latest dated 9/10/70, copies of all of which were transmitted to Mardian. We are calling to Mardian's attention in the attached proposed reply that at the time of the transmittal of the 9/10/70 memorandum we advised him that no further investigation would be conducted by the FBI in the absence of a specific request from him and that no such request was received.

ACTION:

Attached for approval is a proposed reply to Mardian, incorporating the foregoing information.

**UNAUTHORIZED DISCLOSURES OF
CLASSIFIED INFORMATION**

Receipt is acknowledged of your letter dated August 19, 1971.

You noted that information developed in the captioned matter does not preclude the possibility that someone other than Daniel Ellsberg was responsible for furnishing "The New York Times" with the "McNamara Study." You further noted that Ellsberg in his public statements has never specifically admitted transmitting the study to "The New York Times."

It is quite evident from the facts which have been reported to you to date that Ellsberg received assistance in getting into the hands of various newspapers the "McNamara Study," and the thrust of our investigation has been directed toward identifying any individual or individuals or organization that may have assisted or conspired with Ellsberg. In this regard, you may desire to review the following recent communications which have been referred to the Department:

Teletype captioned "Daniel Ellsberg; Espionage - X," dated August 13, 1971, and addressed to the White House Situation Room, Attention: Mr. Egil Krogh, Jr., and to the Attorney General; and teletypes of our Boston Office captioned "McLek, National Intelligence," dated August 14, 1971; August 16, 1971 (two); and August 18, 1971.

With respect to Ellsberg's responsibility for and direct involvement in this matter, your attention is called to the report of Special Agent [redacted] dated July 14, 1971, at Boston, Massachusetts. On page 14 it is noted that during a press conference on July 1, 1971, Ellsberg was asked, "Were you the source of the documents published in all of the newspapers or just some of them?" Ellsberg stated in response, "To my knowledge, all of them"

MAIL ROOM TELETYPE UNIT

Assistant Attorney General
Internal Security Division

In this Bureau's first communication to the Attorney General concerning the captioned matter dated June 16, 1971, results of an inter-

[REDACTED] told him in early May, 1971, that Daniel Ellsberg had contacted the Grove Press, New York City, "The New York Times," and other publication outlets in an effort to negotiate the publication of a 4,000- or 5,000-page document on U. S. involvement in Vietnam. [REDACTED] reportedly claimed he had learned of this from an unnamed individual connected with Grove Press.

The report of Special Agent [REDACTED] dated July 1, 1971, at New York City, on page two sets forth information to the following effect: On June 16, 1971, on a radio program hosted by Barry Gray, Sidney Zion, a former reporter for the "New York Post" and "The New York Times," identified Daniel Ellsberg of the Massachusetts Institute of Technology as the individual who furnished the "Pentagon Papers" to "The New York Times." The subsequent page of this same report shows the results of our unsuccessful efforts to interview Zion with regard to this matter on June 17, 1971. If you have not already done so, you may desire to consider calling Zion before a grand jury.

In reviewing the material mentioned hereinbefore which has been sent to the Department beginning August 13, 1971, you will note that there are recent developments indicating that during the period of approximately June 21 through 24, 1971, various Washington Bureau representatives of newspapers which carried articles relating to the "Pentagon Papers" were in the Cambridge, Massachusetts, area where there appears to have been a distribution point for the purpose of getting material relating to these papers into the hands of news media representatives. It may be of particular significance that our investigation has shown that one of these news media representatives was in telephonic contact with the office of Leonard Boudin, one of the attorneys for Daniel Ellsberg, on June 22, 1971. This phase of our investigation is being pursued on a special basis and the results will be provided to you as received.

In your letter of reference you noted that it had come to your attention that the FBI received as far back as March, 1971, the four copies

Assistant Attorney General
Internal Security Division

of pages of material from Robert V. Pace's Savin copy machine, which have since been identified as coming from the "McNamara Study."

This information was first called to your attention on June 18, 1971, three days after you advised this Bureau that the Attorney General wanted the FBI to conduct all necessary investigation in the matter relating to the publication by "The New York Times" of the "McNamara Study." In this regard, you are referred to the June 17, 1971, teletype from our Boston Office, wherein it was noted that the records of that office showed that Pace on March 25, 1971, provided details concerning the duplication of a large volume of material in his shop by Susan and Neil Sheehan. Our Boston Office reported that information which had previously been provided by Pace indicated he was inclined to be inaccurate on occasion. There was no classification stamp on the four pages of material which Pace turned over to our Boston Office and, based on the information provided by Pace, there was no basis for an FBI investigation at that time. It was appropriately indexed for future retrieval and placed in the files of the Boston Office and was immediately surfaced when its apparent connections with instant case became known.

In addition to the Boston teletype described above, this information was also called to your attention in the report of Special Agent [REDACTED] dated July 1, 1971, at Boston, a copy of which was forwarded to you on July 6, 1971. The results of the March 25, 1971, interview with Pace are set forth beginning on page 26 of the report, and pages 28, 29, 30 and 31 of the report are copies of the four pages involved.

You have asked whether any investigation was conducted by this Bureau prior to the initial publication by "The New York Times" on June 13, 1971, of material relating to the "McNamara Study."

This Bureau conducted investigation of Daniel Ellsberg commencing in January, 1970, based on an allegation that he had made copies of "Top Secret" documents and reportedly had stated they had been made for Senator J. William Fulbright and then Senator Charles E. Goodell. The results of our investigative efforts were furnished to you by memoranda dated February 18, 1970, July 7, 1970, and September 10, 1970. At the time of the transmittal of the last-mentioned memorandum, you were advised that no further investigation would be conducted by this Bureau in the absence of a specific request from you. No such request was received.

Assistant Attorney General
Internal Security Division

In your letter of August 19, 1971, you referred to this Bureau's request of August 4, 1971, for any information developed during the course of the Boston grand jury hearing in the Daniel Ellsberg case which might bear upon the responsibility of Ellsberg or anyone else for the revelation of information to the press. You indicated that all such information had been provided on a continuing basis to this Bureau. With the exception of lists of toll calls which emanated from the grand jury proceedings in Boston and which you referred to this Bureau for investigative attention, we have received no information arising as an outgrowth of the Boston grand jury proceedings identifiable as such.

NOTE:

See cover memorandum Wannall to Brennan 8/20/71, same caption, WRW:ams.
